PROSPECTUS OF THE

NORTH CAROLINA STATESMAN. THE undersigned propose, on the first day of January next, at Raleigh, North Carolina, to begin the publication of the North Carolina Statesman, a semi-weekly and weekly paper, devoted to politics, news, and miscellaneous subjects, and respectfully solicit for it a share of the patronage of the democratic party, their friends, and the public.

or the democratic party, their friends, and the public.

Invited by many leading persons of the State rights republican party to propagate and defend principles which we have always held, and regard as the only basis of prosperity in our form of government, and inspired with a sincere desire to serve that party and advance its interests, we propose to issue a paper at the seat of the State government. In the field of editorial enterprise, there is ample room for those who are now holding position, as well as for others, who choose to enter into fair competition. The propagation of the principles of our party is a duty at once important, and to us peculiarly agreeable. The attractions of the editorial profession and its honorable toils, together with a desire to extend its influence, has had much weight in the decision which we have made—a profession at once dignified and have made—a profession at once dignified and elevated, where the highest intellectual gifts may find full employment, and the purest patriotism make contribution to the public weal. We are persuaded that a journal, conducted with fairness and discretion—uninfluenced by selfishness and devoted to principle over the contribution.

devoted to principle, may secure sufficient patronage, without interfering with the claims or rights of any now prosecuting the same great work.

tained by it as a political journal.

1st. Our purpose being to publish a paper purely democratic according to the straightest requirements of that party, we shall advocate strict party organization in its fullest and most comprehensive sense; an organization which originates in the popular will, expressed by the people in their primary as-semblies, and which has been so successfully insemblies, and which has been so successfully introduced among the democracy of many of the
other States, by which the rank and file of the
party are, in fact, those who indicate its decisions,
and, being all brought into action, express their
will imperatively; thus, by open and fair dealing,
commanding respect and obedience; an organization of the people, and not of intriguers; restoring
power to those whe, by sufferance, have tolerated
its temporary usurpation.

2d. The democratic party shall always find in us
advocates of their right to select their standard

advocates of their right to select their standard advocates of their right to select their standard bearers, and to command acquiescence in decisions made by conventions fairly elected in their primary meetings. Standing upon the good did State rights platform of 95, we shall oppose government corporations created by Congress for the purpose of internal improvement, the regulation of finance, or any other measure inconsistent with the rights of the States.

of the States.

3d. Believing that the platform adopted by the 3d. Believing that the platform adopted by the late Baltimore convention contains the democratic creed, they expect cordially to sustain the present administration, trusting that the policy adopted by those who compose it will be regulated by the cardinal doctrines of the American democracy. 4th. They will advocate all such measures of internal improvement as promise by judicious prosecution to promote the interests of the people and diffuse the benefits of a system already enjoyed by portions of the State.

cution to promote the interests of the people and diffuse the benefits of a system already enjoyed by portions of the State.

5th. The disposition of the public lands being a question of the most absorbing interest, we believe it should be at once met and settled. The unjust and unequal legislation of Congress, in relation to those lands, and the large and frequent appropriations made to the new States, indicate a final departure from the old and wise policy of appropriating the proceeds of their sales to the payment of the public debt, and the expenses of the government. It has for some time ceased to be either a subject of hope or expectation that there will ever be a return to a policy which had so much to recommend it. Believing that this system of squandering and prodigality is not only to continue but to grow worse, we shall pretest against it, and assert the right of the old States to their equitable share of the lands which remain. The power "to dispose of the public lands being explicitly declared in the Constitution, the exercise of that power is a question of policy, both as to the time and the mode." Believing, as we do that it has become the sattled policy of Congress to squander the public lands, we adopt the patriotic language of Mr. Dobbin, and say that "all of North Carolina's sons, both whigs and democrats, should protest, and demand North Carolina's share of the public domain."

6th. Approving of the sentiments of the inaugural of the President, we shall oppose the acquisition of Cuba or any other foreign territory, unless such acquisition be in accordance with existing

tion of Cuba or any other foreign territory, unless such acquisition be in accordance with existing treaties, and entirely consistent with the national

INVIGORATING CORDIAL,
A Phenomenon in Medicine.—Health Restored and Life Lengthened, by Dr. Morse's invigorating Elixir or Cordial.

A Thirst the properties attributed to Professor Morse's Invigorating Elixir or Cordial were deemed fabrilous. The public often deceived could not believe the simple and sublime truths announced by the discoverer. But facts, undeniable facts, attested by witnesses of the highest class and character, are now triumphing overall doubts. Incredulity is overthrown by a mass of testimony which is perfectly irresistible.

The Elixir remedies in all cases the deplorable evils arising from a misuse of the various organs which make up the wonderful machine called man. It restores to full vigor every delicate function connected with that mysterious compound agency of matter and mind, necessary to the reproduction of human life. To persons of feeble muscular frame, or delicient in vital power, it is recommended as the only means of communicating that energy which is necessary to the proper enovyment of all the matter acceptage.

recommended as the only means of communicating that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not confined to either sex or to any age. The feeble girl, the ailing wife, the listless, enervated youth, the over-worn man of business, the victim of nervous depression, the individual suffering from general debility, or from the weakness of a single organ, will all find immediate and permanent relief from the use of this incomparable renovator. To those who have a predisposition to paralysis, it will prove a complete and unfailing safeguard against that terrible malady. There are many, perhaps, who have so trified with their constitutions, that they think themselves beyond the reach of medicine. Let not even these dewithout reference to causes, and will not only re-move the disorder itself, but REBUILD THE BROKEN CONSTITUTION REBUILD THE BROKEN CONSTITUTION

The derangements of the system, leading to nervous diseases, and the forms of nervous disease are itself, are so numerous that it would require a column to enumerate the maladies for which this preparation is a specific. A few, however, may be enumerated, viz: neuralgia tic-doloureux, headache, incipient paralysis, hysteria, palpitation of the heart, spinal affections, muscular debility, tremors, flatulence, a pricking sensation in the flesh, numbness, torpidity of the liver, mental depression, weakness of the will, indisposition to move, faintness after exercise, broken sleep, and terrifying dreams, inability to remain in one place or position, weaking of the procreative organs, sexual incompetency, melancholy, monomania, fluor albus, sinking at the stomach, female irregularities, a chronic tendency to miscarriage, emaciation, and all complaints growing out of a free indulgence of the passions, and all barrenness that does not proceed from organic causes beyond the reach of medicine.

Whenever the organs to be acted upon are free from malformation or strictural diseases, it is averred that

reaction, but with a happy effect on the general
organization. Bear in mind that all maladies,
wherever they begin, finish with the nervous system, and that the paralyzation of the nerves of
motion and sensation is physical death. Bear in
mind, also, that, for every kind of nervous disease
the Elixir Cordial is the only reliable preparation
known.

No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the diseased, debilitated, and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, revivified, and built up. The mental and physical symptoms of nervous disease vanish together under its influence. Nor is the effect temporary; on the contrary, the relief is permanent, for the cordial properties of the medicine reach the constitution itself, and restore it to its normal condition. Well may the preparation be called the

called the MEDICINAL WONDER Of the nineteenth century. It is, as the first scientific man in the world would have admitted, that miracle of medicine heretofore supposed to

have no existence.

A STIMULANT THAT ENTAILS NO RE
ACTION.

Its force is never expanded, as is the case with
opium, alcoholic preparations, and all other excitants. The effect of these is brief, and it may well be said of him who takes them: "the last state of that man is worse than the first." But the Elixir is an exhilarant without a si operation, perpetual in its happy influence upon the nerves, the mind, and the entire organization;

the nerves, the mind, and the entire organization; it will also remove depressions, excitement, a tendency to blush, sleeplessness, dislike of society, incapacity for study or business.

LOSS OF MEMORY,
Confusion, giddiness, rush of blood to the head, melancholy, mental debihty, hysteria, wretchedness, thoughts of self-destruction, fear of insanity, hypochondriasis. dyspepsia, general prostration, irritability, nervousness, inability to sleep, diseases incident to females, decay of the propagating functions, hysteria, monomania, vague terrors, palpitation of the heart, impotency, constipation, &c., &c., from whatever cause arising it is, if there is &c., from whatever cause arising it is, if there is any reliance to be placed on human testimony, absolutely infallible.

CAUTION. Dr. Morse's Invigorating Cordial has been counterfeited by some unprincipled persons.

In future all the genuine Cordial will have the proprietors' fac-simile pasted over the cork of each bottle, and the following words blown in the glass: "Dr. Morse's Invigorating Cordial,

Mr. Lycker respectfully suggests to his friends that while much has been done to transmit family records, little care has been taken to preserve parental likenesses. He takes this method to inform his triends, and those desirous of perpetuating personal remembrances, that daguerrectype likenesses can be inlaid on the inside covers of family bibles, presentation-books, or keepaskes, specimens of which can be seen at his bindery, or he can be addressed by letter, which will be promptly attended to. INVIGORATING CORDIAL,

DURELY Vegetable in its composition. This invaluable Cordial is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful physicians, to be possessed of qualities the most beneficial in the diseases for which it is recommended; and hence, whilst it is presented to the public as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hemorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Fluor Albus or Whites, or for Debility arising from any cause, such as weakness from sickness, where the patient has been confined to bed for some time, for females after confinement, abortion or miscarriage, this cordial cannot be excelled in its salutary effects; or in loss of muscular energy, irritability, physical prostration, seminal weakness, palphation of the heart, indigestion, sluggishness, decay of the procreative functions, nervousness, &c., where a rostic medicine is required, it will be found equal if not superior to any compound ever used.

To Females.—Henry's Invigorating Cordial is one of the most invaluable medicines in the many complaints to which females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease, and unhappiness among ladies would exist, were they generally to adopt the use of this cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two to bloom and to vigor.

Young Men.—That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims, from an ignorance of the danger to which they subject themselves, causes

Nervous Debility, weakness of the system, and premature decay. Many of you may now be

most apt to become its victims, from an ignorance of the danger to which they subject themselves, causes

Nervous Debility, weakness of the system, and premature decay. Many of you may now be suffering, musled as to the cause or source of disease. To those, then, who by excess have brought on themselves premature impotency, involuntary seminal emissions, weakness and shrivelling of the genital organs, nervous affection, or any other consequences of unrestricted indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of

Marriage, lessening both mental and bodily capacity, hold! Henry's invigorating Cordial, a medicine that is purely vegetable, will aid nature to restore those important functions to a healthy state, and will preve of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

As a Tonke Medicine, it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of recommendations, certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial" only needs a trial to prove that it will accomplish all we say.

The Genuine "Henry's Invigorating Cordial" is put up in eight oz, pannel bottles, and is easily recognised by the manufacturer's signature on the label of each bottle, (to counterfeit which is forgery.)

REGULATIONS CONCERNING HACKS
AND HACKMEN.

How to Know who the Hageman is.—All hacks are required to be licensed, and to have the number of their licenses to be painted in black figures of not less than two inches in depth, on the front and side of each lamp attached to such carriage; or, if there be no lamps, the numbers shall be conspicuously painted on each side of the driver's box.

In case any stranger or other person feels him-self aggrieved by any back-driver, let him obtain the number of the back. How to reach him with the law is hereafter pointed out.

RATES OF FARE ALLOWED BY LAW:—For each passenger for any distance not over one mile and a half...... 25 cents.

When detained on route over five min-utes, driver to be allowed, in addi-tion, for each quarter of an hour de-

When a hackman shall refuse to take passengers, on the plea of a previous engagement, he is required to give the name and residence of the person by whom he is so engaged, under a penalty of five dollars.

If it should appear that the plea of a previous engagement was a false one, or that the information of the name and residence of the person given by the hackman was false, then the hackman incurs a penalty of five dollars.

Penalty for Demanding a higher rate of fare for the transportation of passengers, is five dollars for each offence; and the person paying the illegal fare may recover back the amount over and above the sum allowed by law.

Where illegal fare is demanded or received of a stranger, or any person who shall not at the time have resided twelve months in the city, the penalty for so doing is double, or ten dollars for each offence.

SLEIGHS.—The rates of fare and all the other con-SLRIGHS.—The rates of fare and all the other conditions, terms, and penalties, prescribed by law for the regulation of hackney curriages, apply to all sleighs running for hire within the city of Wash ington.

Drivers.—No person under sixteen years of age is allowed by law to drive any back, cab, or sleigh for hire in this city, under a penalty of fave dollars.

How to Vindicate the Law.—Strangers and others arriving in the city by the Baltimore and Ohio railroad, who shall apply to a hackman for the use of his vehicle and be refused, or who shall be asked and required to pay over and above the legal rates of fare, will observe the number on the hack, and immediately inform the police officer whose duty it is to be in attendance at the depot. That officer will protect the passenger from imposition, secure him a hack, and prosecute the offending hackman.

Any refusal or neglect by the police officer at the depot to execute the law in this respect he knows will be followed promptly by his dismissal.

Strangers reaching the depot from steamboats or other places from whom illegal fare is demanded will apply to the police officer in attendance, whose duty it is to ascertain whether the fare demanded be illegal, and if so, to prosecute the offending hackman.
